PUBLIC INPUT FORUMS

The New Mexico Department of Workforce Solutions invites you to attend a virtual forum to provide your input into the creation of the New Mexico's 2024-2028 State Plan for workforce development. This forum aims to gather a diverse range of perspectives from individuals like you who are invested in our state's progress and how the state can better support people who live in New Mexico in their pursuit of meaningful education, training, and employment opportunities.

We thank you in advance for your participation!
