

## **Local Content Program guide**

### *Local Content Statement:*

973 Coast FM and 917 The Wave broadcast from our Mandurah facilities with a reach covering the Peel region of Western Australia.

All programming originates locally from the studios on Mandurah Terrace, with the exception of a number of speciality programs supplied on a daily and weekly basis.

The local content broadcast on both stations far exceeds the daily minimum hours as specified by ACMA.

The management team of West Coast Radio, is satisfied that both stations are compliant with the new local content license conditions implemented by the Australian Communication and Media Authority on the 1<sup>st</sup> of January 2008.
