97.3 Coast FM / 91.7 The Wave

Testimonial

I must say 97.3 Coast FM and 91.7 'The Wave' radio stations must be by far the best and most popular radio stations anywhere!

You deserve admiration and respect not only for the fantastic job you do with on air music, news, and entertainment but also for the emphasis you put on the local community.

During these tough times for everyone, you have supported us and other local businesses in the area by providing free information regarding opening hours etc. and its really appreciated. I am sure my views must be echoed by businesses and also listeners in the community because you have a lot of people tuning in to the stations. I know this because when we advertise with you, we always get a fantastic response.

Thank you, I cannot praise you enough.
