At Mandurah Prestige & Performance Vehicle Service Centre, we pride ourselves on delivering top-notch service and expertise to our valued clients. To enhance our outreach and connect with our local community, we have had the pleasure of partnering with 97.3 Coast FM and 91.7 The Wave.

The experience has been nothing short of exceptional. The teams at both stations are highly professional, approachable, and dedicated to ensuring our message reaches the right audience. Their expertise in crafting engaging and effective advertising campaigns has significantly increased our visibility and customer engagement.

Not only have we seen a noticeable boost in inquiries and visits to our service centre, but we've also received positive feedback from customers who heard about us through these stations. The blend of local news, great music, and community-focused content provided by 97.3 Coast FM and 91.7 The Wave aligns perfectly with our values and commitment to the Mandurah community.

We highly recommend 97.3 Coast FM and 91.7 The Wave to any business looking to strengthen their local presence and connect with a broader audience. Thank you for being outstanding partners in our journey to excellence.

Warm regards,
