

Testimonial – Squirters Car Wash Baldvis & Mandurah

We've been working with Ana for a while now and she's been a huge help to our business. She took the time to understand what we're about and made sure our radio advertising actually worked for us. She's easy to deal with, on the ball, and genuinely cares about the results.

We jumped on the three-month summer campaign, which was a smart move. It helped get the word out about our new car wash and gave Squirters strong exposure across both sites. The regular mentions kept us front of mind for locals and holiday traffic, and we definitely noticed the pickup.

Since then, we've stuck with radio marketing because in Rockingham and Mandurah, we believe radio is still one of the best ways to reach people.

The team at Coast FM and The Wave have been great to deal with. They've made the whole process simple and stress-free, from putting the ads together to keeping things running smoothly. It's allowed me to stay focused on running the business.

If you're looking to grow and stay top of mind locally, advertising on Coast FM and The Wave is well worth it.

Regards,

Mark Stanich
