Budget 2023 dominated the news this month as businesses and homeowners face unprecedented energy charges. On 27th September an €11bn package to tackle the cost of living and doing business was unveiled. Donal Hackett of Milne O'Dwyer Accounting joined Ronan to analyse the suite of supports. Also this month, Ronan entered the ring with Kieran Davern to discover the business story and passion behind a family owned mixed martial arts gym in Tullamore.

The CEO of IPAV PAt Davitt announced his intention to step down later in the year and former professional rugby player and now an EV advocate Peter Bracken told us why he drove an electric car to every rugby club on the island! Factory fixer Liam Cassidy introduced his new book 'Make Your Factory Great & Keep It That Way' and revealed how any factory can be saved!
